

Dennis and Terri Haynes

1534 Carrolton Way

They moved to The Retreat on November 7, 2025. Although they moved to the Retreat from the Kempsville area, they spent the previous 30 years living in Richmond, Virginia. Dennis was a former teacher and then worked for Virginia Commonwealth in the computer field. He kept the hospital's computer hardware and software up and running; his wife, Terri, was a Registered Nurse.

They have a daughter, Elyse, living in Moyock: two grandchildren, Eve and Chloe, and a great-grandson, Desmond.

Their pet is named Buckie, a beautiful and gentle Shih Tzu.

Their hobby is bridge, and they volunteered to teach bridge lessons to our Retreat Residents.

One of the most interesting facts they shared was that they have a 100-year-old grand piano.

Their favorite thing about the Retreat is the camaraderie. Dennis indicated it was like being a Senior in high school!! Very friendly neighbors and the beautiful atmosphere within the Retreat.
